Himalayan Salt

Life can be chaotic. It can be difficult to squeeze in time to soothe our tired minds and bodies.

Many sources claim that a Himalayan salt lamp can improve your health and help elevate mood.

The negative salt ions released by the lamp (especially when used consistently over time) can boost blood flow, improve sleep, increase levels of serotonin in the brain, and calm allergy or asthma symptoms.

Plug a lamp in at the office or place it on your bedside table and let its soft glow lull you to sleep.

A Himalayan salt lamp is a beautiful and eco-friendly light source.

Decorate your cookies Royal Icing Recipe

Ingredients

3 tbsp Meringue Powder
4 cups confectioners' sugar
5 tbsp warm water
½ tsp vanilla (or other) extract

Method

Using an electric mixer (or hand mixer) combine meringue powder and confectioners' sugar on low. Add the water and flavoring (if using) and beat 7-10 minutes at low speed with a heavy-duty mixer, 10-12 minutes at high speed with a hand-held mixer, until icing forms peaks.

Helpful Hints:

Keep all utensils completely grease-free for proper icing consistency.
For stiff icing: Use 1 tablespoon less water.
When using large countertop mixer or for stiffer icing, use 1 tablespoon less water.
For thin icing: To thin for pouring, add 1 teaspoon water per cup of royal icing.

Tissue Carnation

Gifts made from the heart have a way of putting a smile on the recipient's face. Even if you buy that perfect gift, you can give it that gift-from-the heart touch. Make a tissue carnation and place it on top of the wrapped gift instead of a store-bought bow. Get creative and make rainbow-coloured carnations or an entire bouquet. Here's how you do it...

Materials:

- tissue paper
- floral wire
- floral tape
- scissors
- wire cutters
- ruler

1. Flatten several layers of tissue paper. Cut into squares (about the size of a square of toilet paper)

2. Fold the layered squares of tissue accordion style; then fold in half

3. Centre the floral wire in the middle of the tissue paper and wrap it around the strip; snip the wire 'stem' with your wire cutters to the length you desire

4. Trim and round the edges all the way through each fold

5. Wrap floral tape at the base of the tissue and down the floral wire (clip excess wire with your wire cutters)

6. Gently begin to peel the tissue layers apart one-by-one. Starting from the top layer, slowly work down to the last layer

7. Tape the carnation to your present and wait for the smiles of appreciation!
